Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 290A at Covington, Oklahoma.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 290A to Covington, Oklahoma as that community's first local FM service. Covington, Oklahoma is an incorporated city with a population of 590 people. Covington has its own city offices, its own post office, fire department, police department, library, school district, the Covington-Douglas Independent School District, and a number of local churches. Covington is a community that is certainly deserving of local FM service. The proposed channel 290A will provide additional diversity and an outlet for local self-expression to Covington residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 290A can be allocated to Covington, Oklahoma, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates for Covington, Oklahoma are:

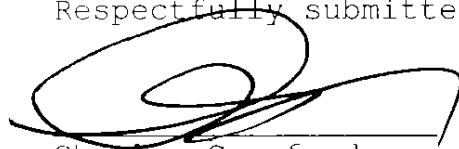

36 18 16 N
97 31 34 W

July 8, 2003

Should this petition be granted and Channel 290A be allotted to Covington, Oklahoma, Petitioner will apply for Channel 290A at Covington and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

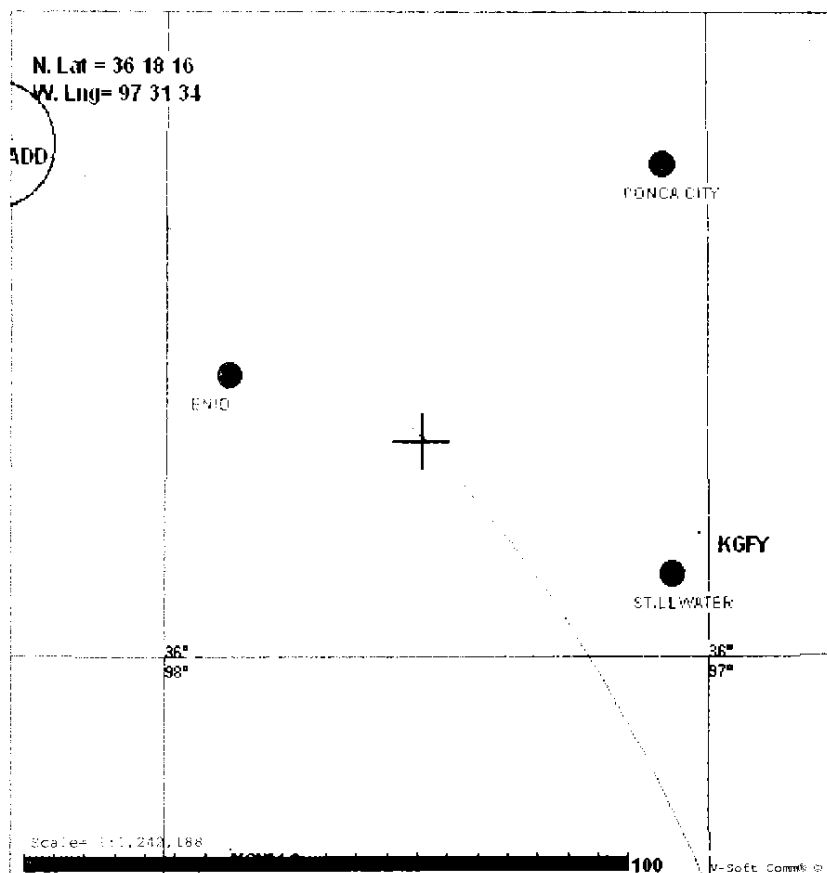

Charles Crawford
